Helping furry friends

A COMMUNITY call for bird cages has already paid dividends for the Oakleigh Wildlife Shelter – but possum boxes and possum bags are still needed.

Shelter volunteer Michele Phillip said that since last week's call in the *Leader*, she had received two aviaries, which was a fantastic

response. She said possums still needed to be looked after, with little boxes and small knitted bags for keeping warm at night required. Ms Phillip said homeowners could also help by leaving bowls of water in their garden overnight for thirsty animals to drink. Details: 0411 600 591.
